Plan Themes

Plan Themes

Early in the planning process, participants began to organize the 10 Value Statements of the City Council Charge into four basic Plan Themes or key ideas. These were:

1. Neighborhood Stability - Promotion of neighborhoods across the City that are sustainable and have lasting value
2. Mobility Choice - Promotion of adequate transportation infrastructure for all modes of travel beneficial to support community needs.
3. Balanced Growth and Development - Promotion of a sustainable development pattern and density across the community that respects and compliments natural systems and existing development patterns and community needs.
4. Quality of Life - Promotion of amenities and diversity of activity that fulfills the needs of all Thornton residents.
