Energy Efficiency Programs

Heating and Cooling Rebates and Energy Audits	Xcel Energy offers a variety of services from free showerheads to rebates on insulation and heating/cooling systems. Residents can also sign up for an energy audit that will help to increase energy efficiency in their home.	Call Xcel Energy at 1-800-895-4999 or go to xcelenergy.com
Energy Efficiency and Renewable Energy Rebates	The Governor's Energy Office (GEO) is offering rebates to qualifying homeowners through the Recharge Colorado Program. The web site provides comprehensive and localized information about rebates on appliances, services and equipment. The program also includes information on financial incentives, contractors, and energy conservation tips.	Call 303-809-0379 or go to rechargecolorado.com
Energy Efficiency Workshops	Xcel Energy is offering free presentations on home energy efficiency to community groups. Topics include insulation, heating, windows, water heaters, lighting, and appliances.	To schedule a workshop, call 303-294-2476
Weatherization Program	The Arapahoe County Weatherization Program provides free services to eligible Adams County residents including energy audits, furnace and water heater repairs, insulation, and more. Qualified applicants must meet low-income program requirements.	Call 303-636-1982 for more information or go to co.arapahoe.co.us

Environmental Services Programs

City Trash/Recycle Curbside Service (City customers only)	The City of Thornton Environmental Services Division provides services that help residents recycle or dispose of unwanted items through landfill days, tree branch/limb recycle drop-off, grass/leaf recycle drop-off, chemical roundups, community recycle (plastic, metal, glass, paper, etc) drop-off centers, and seasonal curbside pickup programs (Spring bulk item, Fall leaf and Christmas wrap and tree pick ups).	Call 720-977-6200 or go to cityofthornton.net

Water Conservation Programs

Water Saving Rebates	The City of Thornton Water Resources Division provides monetary rebates on a first-come, first-served basis for the replacement of old toilets and washers with new, more water efficient models. An application is required. Each household can also bring in their old, water-wasting showerhead and receive a new water-wise showerhead for free.	Call 720-977-6600 or go to thorntonwater.com
Indoor Water Check-ups	The City of Thornton Water Resources Division partners with the Center for Resource Conservation to provide free indoor water check-ups for plumbing fixtures and will educate residents about ways to save more water.	Call 303-999-3820 ext. 217 or sign up online at conservationcenter.org

Landscaping Programs

Irrigation System Inspections	The City of Thornton Water Resources Division partners with the Center for Resource Conservation to provide free inspections to determine the efficiency of lawn sprinkler systems. Inspections are available from June to early August. Qualified applicants must be City of Thornton water customers that are current with their water payments.	Call 303-999-3820 ext.217 or sign up online at conservationcenter.org
Mulch Program	The City of Thornton Parks and Forestry Division provides residents with free mulch (when available). Each family is allowed one truckload. Mulch can be picked up from 8651 Colorado Blvd, Monday—Friday from 8:00 am—5:00 pm.	Call 303-255-7833 for availability
Trees for Tomorrow	The City of Thornton Parks and Forestry Division provides residents with the opportunity to purchase trees at a discounted rate once a year. Residents must register to qualify. Trees are available on a first-come, first-served basis.	Call 303-255-7833 or go to cityofthornton.net
